# Check !

Do we believe, climate crisis is an existential threat ?

Do we agree, we (Trade) are part of the problem ?

Do we think, Adaption/Mitigation Possible ?

If Yes, How we (Trade) can contribute ?

If **NO** ...

# A New Industrial Revolution

**BAD NEWS**

**GOOD NEWS**

# Trade – Look For Green Solutions

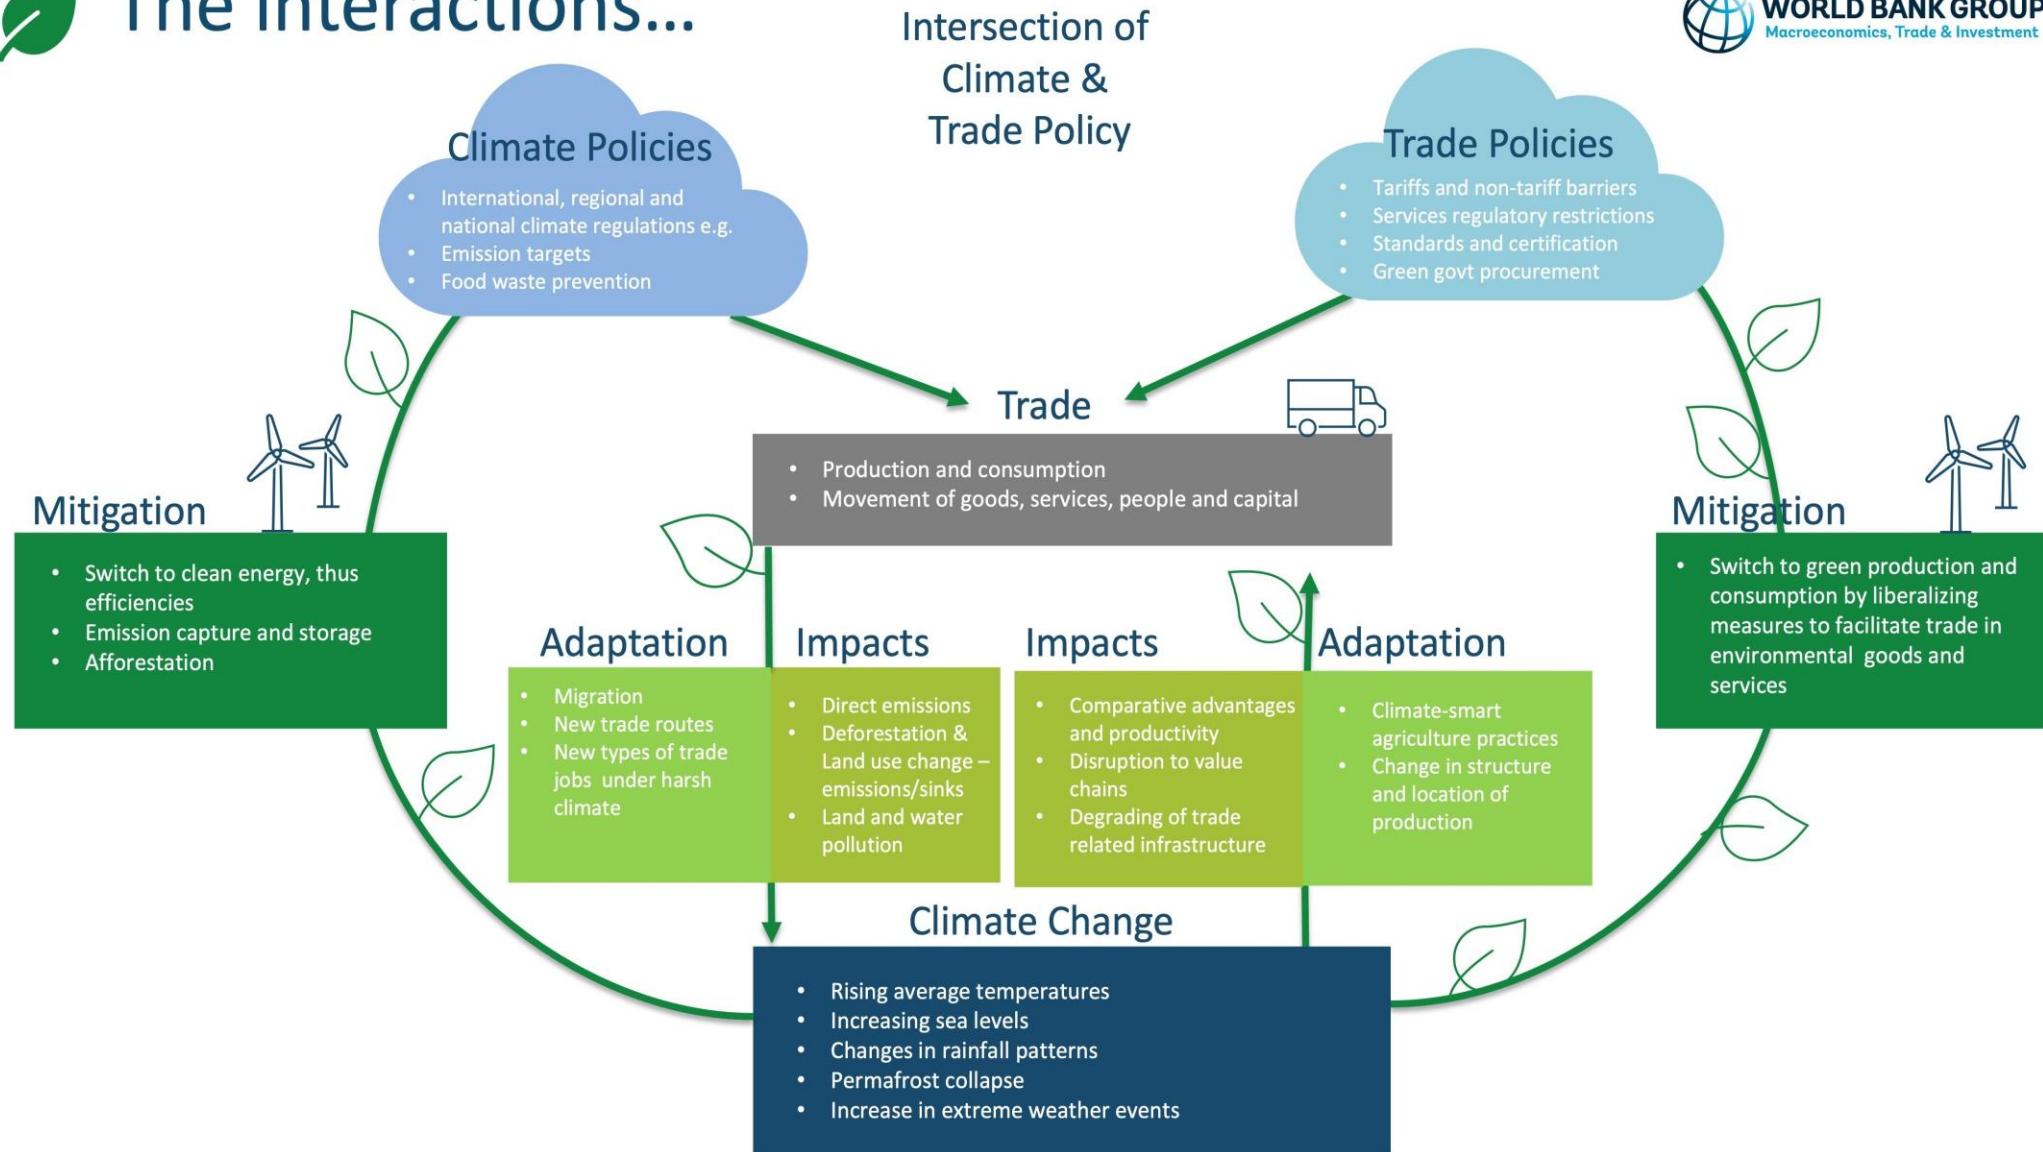

Global trade networks will play a key role in ensuring green-tech solutions and environmentally preferable products benefit developing economies

# The interactions...

# Key Messages,

Climate Change is a major threat to future growth and prosperity.

Trade should act as catalyst for adaption actions, reducing costs and building resilience.

Trade should harness international cooperation.

Trade should implement low – carbon/ No carbon technologies.

Trade Should reduce the cost of mitigation. Speed up transition efforts.
